Career Objective

BCA student with hands-on learning in AWS, Linux, networking, and Python, and a practical approach to using AI tools for faster, reliable work. Seeking an entry-level cloud role to gain real-world infrastructure experience and strengthen my fundamentals.

Education

Bachelor of Computer Applications (BCA) 2024 – 2027
GNIOT Institute of Professional Studies *Greater Noida, Uttar Pradesh*

- **Relevant Coursework:** Programming in C/C++, Web Development, Computer Fundamentals, Networking Fundamentals, Cloud Computing Fundamentals, Object Oriented Programming, Database Management

Technical Skills

Cloud & Infrastructure: AWS Cloud Infrastructure, Linux, Shell Scripting, Networking Fundamentals
Programming Languages: Python, C, C++
Databases: SQL, MySQL
Web Technologies: HTML, CSS, JavaScript, Responsive Web Design
Tools: Git, GitHub, VS Code, AI Tools

Projects

Cloud Drive – Personal Cloud Storage on AWS S3 GitHub
AWS S3, Node.js, JavaScript, Supabase, HTML, CSS

- Built a full-stack cloud storage application with an interactive dashboard, using Amazon S3 as the bucket for long-term storage of personal files.
- Implemented file upload, download, delete and bulk delete, so users can manage multiple files at once.
- Added secure user authentication with Supabase so that each user can access and manage their own files.

AWS EC2 Server Information App with Application Load Balancer GitHub
AWS, EC2, Application Load Balancer, Nginx, Linux, Bash

- Deployed a web application on AWS EC2 using Nginx as the web server, displaying system and server details through a web interface.
- Configured an Application Load Balancer with a Target Group to distribute incoming traffic across EC2 instances.
- Used Linux and Bash scripting, Security Groups and AWS networking to configure and access the application.

Portfolio Website Live Demo
HTML, CSS, JavaScript, Responsive Web Design

- Designed and built a responsive personal portfolio website showcasing my profile, projects, skills and certifications in one place.
- Created a clean, interactive interface that works smoothly across desktop and mobile screens, and hosted it live on GitHub Pages.

Certifications

- **AWS Knowledge: Cloud Essentials – Training Badge** *(AWS)*
- **AWS Educate Getting Started with Compute – Training Badge** *(AWS)*
- **Introduction to Networking** *(NVIDIA)*
- **AI & Cybersecurity Awareness** *(TCS iON)*
- **Certification Program in Web Development with MERN Stack** *(Edubridge by Infosys)*
