CAREER OBJECTIVE

BCA student focused on building a strong foundation in Cloud Computing with hands-on learning in AWS, Linux, Shell Scripting, Python, SQL, and AI-powered technologies. Interested in cloud infrastructure, automation, and scalable solutions, with a goal of becoming a future-ready Cloud Engineer and contributing to modern cloud-based environments.

EDUCATION

Bachelor of Computer Applications (BCA) 2024 – 2027
GNIOT Institute of Professional Studies Greater Noida, Uttar Pradesh

- **Relevant Coursework**: Programming in C/C++, Web Development, Computer Fundamentals, Networking Fundamentals, Cloud Computing Fundamentals, Object Oriented Programming, Database Management

TECHNICAL SKILLS

Programming Languages : C, C++, Python
Web Technologies : HTML5, CSS, Web Design
Cloud & Infrastructure : AWS, EC2, S3, Application Load Balancer, Linux, Shell Scripting, Networking
Databases : SQL, MySQL
Tools & Platforms : Git, GitHub, VS Code, Canva, AI Tools
Soft Skills : Problem Solving, Quick Learning, Adaptability

PROJECTS

Cloud Drive – Powered by AWS S3 | *AWS S3, JavaScript, Cloud Storage*

- Developed a personal cloud storage application with a web interface inspired by Google Drive.
- Used Amazon S3 as the primary object storage service for storing personal files and supporting file management workflows.
- Designed the project for deployment on Vercel and documented setup requirements for configuring individual AWS resources.

AWS-EC2-Server-Information-ALB | *AWS, EC2, Application Load Balancer, Linux*

- Deployed a server information web application on AWS EC2 to display system and server details through a web interface.
- Configured an Application Load Balancer (ALB) to distribute incoming traffic across EC2 instances, improving availability and scalability.
- Used Linux/Bash scripting, EC2, Security Groups, and AWS networking to configure and access the application.

Portfolio Website | *HTML, CSS, JavaScript*

- Developed a responsive personal portfolio to showcase skills, certifications, and projects.
- Implemented a clean interface with responsive layouts for desktop and mobile devices.

CERTIFICATIONS

Web Development with MERN Stack – Edubridge
Learned the fundamentals of web development and the MERN stack ecosystem.

AI & Cybersecurity Awareness – TCS iON
Gained awareness of artificial intelligence concepts and cybersecurity practices.

Introduction to C – Simplilearn
Learned C programming fundamentals, including variables, loops, and functions.

National Financial Literacy Quiz – SBI / NISM
Explored financial literacy concepts, banking awareness, and basic financial management.
